

Pushpa Garg Scholarship Impact Report F.Y. 2024-25

Maibaram Brajamani Singh

brajamanis24@iitk.ac.in

Physics

Educational Background:

I completed my Highschool in 2022 from St. Xavier's School , Moirang and Higher Secondary in 2024 from Herbert School , Imphal. Currently, I am a 2nd-year BS PHY student at IIT Kanpur.

Family Background and HomeTown:

I come from a town named Moirang which is a part of Bishnupur District , Manipur. My father is a MSc in Zoology and previously served as a teacher. Now , physically challenged due to B.P. stroke and currently, running a small scale medical store in my Hometown. My Mother is currently a teacher in my hometown. I have a younger brother who just entered Higher Secondary in Herbert School, Imphal.

Academic Achievements:

I received the Inspire Scholarship in the academic year 2024-2025.

Extracurricular Activities:

I am now in the badminton team of IIT Kanpur. I participated in Udgosh'24 , Sangram'24 & Inter IIT 2024 and banded the first place. I also received the best player award in badminton in Inter IIT 2024.

Dreams and aspirations:

I still wish to study further more in my current line and continue my Masters and PhD but if I get job opportunities or other opportunities which might be capable for me to accomplish then I will willingly go for it because I want to finish my studies to help my parents as my father is physically challenged and support my younger brother too. And , I still hope to keep on playing badminton.

Journey to pursue IITK:

I faced a lot of difficulties like here in my hometown we didn't have much knowledge about JEE. It was when I was in my 10th standard when I approached my Maths teacher from my hometown and talked to him about my further studies. He guided me to appear for JEE which aring was in my mind in a while at that time and my parents also encouraged and supported me in preparation for JEE. I started preparing in Herbert School, Imphal . I bought books like Arihant for PCM and started appearing for test from school hostel . It was very hard for me to maintain my schedule like for JEE and Higher Secondary syllabus together. But, I kept on working hard to gain the knowledge and rather than the marks. I didn't hope to crack JEE in my first attempt really but my parents and my teacher and my family kept on supporting me till the very end. Then, I got into IITK and met lots of new good friends and seniors and teachers and I started gaining a wide exposure in various fields as soon as I got in IITK.

Impact of the Scholarship:

Receiving the scholarship has brought me a deep sense of accomplishment and fulfilment. This scholarship has been a tremendous help in meeting my expenses like mess fees, electricity bills, sports items and other expenses.

Acknowledgement:

Gratitude, Respect and Admiration to you! Coming from a humble background, receiving this scholarship on my merit gives me a great sense of achievement. This scholarship has motivated me to work harder towards my academic goals and pursue my dreams.
